All Industrial Division Branch Chiefs

25 October 1956

Acting Chief, Industrial Division

Project 10.1531

1. This office has received inquiries on the status of this project and the recent "general terms of reference..." from A/P.
2. St/PR was informed of these inquiries and notified us that only two D/I branches are formally committed to this project. These two are I/MM and I/CI.
3. St/PR has urged, however, that all branches which have analysts who do research on Communist China should contact Mr. [REDACTED] (Ex-3394, A/P) to determine whether some informal contribution can be made to the project.
